Dear Mr. Chestnut,

The variance application received on April 18, 2007 has been reviewed and evaluated. The processed cheese slices have been determined to be shelf stable for up to 48 hours based on the formulation of the final product. No variance is therefore required because the food products in question are in compliance with Indiana State Department of Health Rule 410 IAC 7-24, Retail Food Establishment Sanitation Requirements.

If you have any questions, please feel free to contact Scott Gilliam, Food Protection Program Manager, at 317/233-7360.

Sincerely,

Terry Whitson
Assistant Commissioner
Health Care Regulatory Services
